

## Surface Guard Manufacturing Capabilities

### COHESIVE PACKAGING PRODUCTS

At Surface Guard we manufacture the most extensive line of cohesive packaging products in the industry. Cohesive products are a pressure sensitive material used to create strong, secure and shippable packages. With cohesive products (also know as Cold Seal) you can create your packages simply by hand or with automated cold seal machinery for increased productivity and labor savings. SGI is the only manufacturer to offer cohesive corrugated, films, papers, linerboards and poly laminated papers, all made to fit your requirements.

#### Cohesive Single Face

- 50#, 70#, 100# paper weights available
- Specialty papers including bleached, reinforced & colors available upon request
- Corrugated flutes: Cohesive corrugated available in B & E flute
- Roll widths: 3" up to 65"
- Roll lengths: 250' up to 1000'
- Tear strip or perforation option for ease of opening
- Strip coating in the machine direction
- 2 color printing available
- Sheeting capability (min: 2"W x 6"L) (max: 50"W x 50"L)

#### Cohesive Paper & Linerboard

- 40#, 50#, 70#, 100# standard paper grades
- Specialty paper grades available upon request (bleached, colors, etc.)
- Heavyweight 42#, 56#, 69# Linerboard grades available
- Roll widths: 3" up to 65"
- Roll lengths: 50' up to 3,500'
- Can be perforated in machine and cross machine directions
- Strip coating in the machine direction
- 2 color printing available

#### Cohesive Film

- Film thickness from 1.2 – 10 mil films
- Film types: Low, Linear-Low, Medium, High Density PE films, Co-Extruded Silver/White, Black/White films, Opaque and Tinted films
- Roll widths: 3" up to 80"
- Roll lengths: 50' up to 5,000'
- Perforations available in machine and cross machine directions
- Strip coating in the machine direction
- 2 color printing available
- 2 color "Surface Printing" is available on Co-Ex, White or Tinted films
- VCI (Volatile Corrosion Inhibitor) cohesive films available

#### Cohesive Poly Paper Laminates

- Various composition options available (Glossy, Matte, Extra-Opacity)
- Roll widths: 3" up to 62"
- Roll lengths: 50' up to 5,000'
- Can be perforated for an ease of opening option
- Strip coating in the machine direction
- 2 color printing available

Cohesive Packaging Products Are Ideal For:

- Books & Documents
- Catalog & Internet Retailers
- Fulfillment & Mail Order
- Clothing & Apparel
- Hardware & Automotive Parts
- CD's, DVD's, & Software
