

Surface Guard 2009 Stimulus Plan

The Surface Guard Stimulus Plan has been extended through the end of 2009. This plan is designed to offer an incentive to work together on new or existing pieces of business not currently purchased through Surface Guard.

This plan will be transparent, fiscally responsible, and will not cause any future hardship to our children when they grow up and have to pay their own bills.

Here's how the plan works:

For ALL NEW BUSINESS ordered from Surface Guard / Single Face Supply between March 2nd and December 31st 2009, we will issue a 10% discount, from our quoted price, up to \$1000 on the first order.

There's More...

If a second order is placed for the same piece of business before December 31st, we will issue a 5% discount up to \$500 for that second order.

This money can be used any way you see fit. Keep it or pass it on to your customer.

What Qualifies For the Plan? ALL NEW BUSINESS ordered through Surface Guard / Single Face Supply

- If we do not currently have the business it's NEW.
